

2011 Amel 54 in Greece. First owner.

Amel 54 for sale in Greece, is a pinnacle of maritime luxury crafted for global exploration- the final masterpiece from Mr. Amel and his design team. Enhanced in every facet, it has exclusively navigated the Mediterranean waters, boasting top-tier specifications and meticulous maintenance by a devoted owner since its inception. The yacht was delivered from La Rochelle to Greece in May 2011, the only ocean sailing trip out of the Mediterranean.

With its shoal draft keel, Amel 54 is primed for boundless exploration. The keel, measuring a mere 2.1 meters with fins, offers exceptional accessibility, versatility, and adaptability. The vessel boasts an effortless split ketch rig and sail handling system featuring Bamar electric genoa and staysail, along with three Lewmar electric winches and two manual winches for the staysail. Its in-mast furler comes equipped with electric furling and outhaul motors, complemented by a manual mizzen for added safety. Custom navigation, courtesy of dual autopilots by Furuno, and communication systems by Icom, ensure seamless sailing experiences.

With a single rudder and a robust retractable 15Hp bow thruster by Sleipner, maneuvering the sailboat in port is a breeze, while sailing it with just two hands is effortless in any conditions, be it coastal leisure trips or ambitious global

voyages—a testament to the renowned craftsmanship of Amel yachts worldwide. The hydraulic Passarella by Opac Mare simplifies Mediterranean mooring, while the two vertical V4 Lewmar windlasses, paired with a 45 Kg Ultra ST anchor and 80 meters of stainless steel chain, ensure steadfast anchoring in all seabeds. For added security, the windlass can be operated remotely alongside the bow thruster, while the Anchor chain measurement device provides peace of mind during anchorage.

Deck space is ample for sunbathing, complemented by exceptional storage capacity, including a single lazarette locker and electrically operated Simpson Davits with remote control for the Highfield 3.4m dinghy powered by a 25 Hp Yamaha engine. Amel 54 sailboat embodies the essence of a larger yacht within its compact dimensions.

The yacht offers spaciousness, comfort, and impeccable design, ideal for accommodating family, friends, or a single crew member effortlessly. The finely crafted joinery, adorned in quartered finishes, harmonizes flawlessly with its modern aesthetics, accentuated by mood LED lighting and sumptuous finishes across every detail. Boasting an array of additional features, it provides the ultimate home away from home experience, making Amel 54 an extraordinary proposition. The kitchen has an ENO gimbal 4 burners oven, 2 refrigerators, recently new freezers were installed, dishwasher and microwave. The boat is airconditioned with 3 separate Clima air- conditions and has Autoterm Diesel air heating and ventilation.

The boat also has both a washing machine and a dryer, amenities you find only in much larger yachts. The gel batteries are charged by a Victron Skylla 100 Amp and a 30 Amp charger and shore connection socket and cables, and the Rolls 700 AmpH batteries are charged either by a 125 Amp alternator from the VW engine or the 11 KW Onan generator or shore power. The engine/generator battery is charged by a second 49 Amp alternator. The fresh water tank has a capacity of 900 Liters, and a duo Desalator water maker for 220 or 24V operation with 100 l/h capacity. The diesel tank capacity is 900 liters, and the range is extraordinary, with a consumption of 7 l/h. The cruising speed is 7,5 knots, by engine in 1500 rpm. The boat has an Auto prop folding propeller with a spurs cutter. The main diesel engine is a VW TMD 125 Hp with approx. 2100 hours. The boat has 2 Mastervolt 3000 A and 300 A inverters for 220 Volts and the TV supply.

The two bathrooms have electric Jabsco toilets with holding tanks, a Jabsco high-capacity dual fresh water pump, and a 60 L boiler for hot water.

There is a Fusion entertainment system in the chartable, with four Loudspeakers in and out and a remote control in the cockpit. The system is operated with a special iOS or Android app.

A lifting new Toshiba smart TV 28 “ in the saloon and a Samsung 40 ” TV in the main owner’s cabin aft.

All sails were replaced in 2023. They are new Hydranet 3 radial made by Incidence Sails France, which is providing the sails for the new Amel boats.

A Victron Gerbo GX can provide remote battery capacity and refrigerator temperatures to control the boat over the internet.

The main navigation system has been upgraded to NEMEA 2000 and consists of 2 Furuno Tfz 2 displays installed in 2010 in the cockpit and navigation table, Furuno GPS & AIS, Radar, and a Dell PC with the TIME ZERO navigation software connected to the navigation system. A Huawei 5G router is included. There are depth, water speed, and apparent wind angle and speed anemometer by 4 Furuno analog Data displays and 2 Digital multi-Furuno Hydra displays in the cockpit and chart Table.
