

20-metre classic Turkish wooden gulet

This 20-metre classic Turkish wooden gulet, built in 1989 and comprehensively refitted in 2019, beautifully combines timeless craftsmanship with modern reliability.

Powered by a robust 305 hp Caterpillar diesel engine, she cruises efficiently with a fuel consumption of about 15 l/h, supported by substantial tankage (up to 2,000 litres of fuel and 4,000 litres of fresh water), providing excellent autonomy for extended voyages. Multiple electrical systems (12V, 24V, and 220V), an onboard generator, and solar panels ensure dependable power at sea and at anchor.

Below deck, the gulet offers comfortable accommodation for up to 6-8 guests in well-appointed double cabins, each with en-suite shower and WC, complemented by a practical and welcoming interior.

The air-conditioned salon features a lounge area with an entertainment system, while the fully equipped galley includes a stove, oven, fridge, freezer, microwave, washing machine, and ample storage, making her ideal for relaxed onboard living.

On deck, expansive teak surfaces, sun pads, a shaded dining area, and an outdoor shower create an inviting space for socialising and unwinding. A tender with a 25 hp outboard completes the package, making this gulet a superb choice for leisurely cruising along the Mediterranean and Aegean coastlines.

Location: Bodrum, Turkiye

Flag: Turkiye

- Type: Classic Turkish wooden gulet
- Refit: 2019
- Hull material: Wood
- Length overall: 20.0 m
