

2002 Beneteau First 40.7 “corse edition”

Well maintained and kept First 40.7 “corse edition” with three spreader masts and draft keel (2.4 m), ready for cruising (fast) or racing. It is a very capable and fun sailing boat that is ready for adventure!

It is located in Italy with a paid mooring in the luxurious and exclusive port of Varazze in Liguria (30 min from the airport)

With 3 cabins with three double beds (sleeps 6) with brand new memory foam mattresses (fans and reading lights in each room), a large sofa inside, and plenty of seating in the cockpit with removable cockpit storage boxes and a new dining table, it's a great boat to spend your vacation on.

We really enjoyed it, but now it is time for someone else to make the most of the hard work and love we have put into it.

It is a nice cruiser and also a well-known fast racer. All in one package!

Request for full spec.
