

## **2005 Jeanneau Sun Fast 37 in good technical condition and sails very well.**

We are considering selling our sailboat as the need for a fourth cabin has become great. The boat is in good technical condition and sails very well. The boat is a pre-event boat from England and has been used a lot, this also reflects the price.

The cooler only works on shore power, but we usually put down a few bottles of frozen water, and then the food is usually kept cold for a long weekend as it is well insulated. This is a boat with great potential for those who want to put work into it or who are interested in a safe family boat that sails very well! It is absolutely capable of asserting herself in regattas with the right sail wardrobe! The sails work well for touring.

The boat was open on land in June 2022 when MK-BAAT performed a check against osmose. At the same time, penetrations were checked, and MK-BAAT bonn stoff applied.

The boat is located at Grimsöya Marine in Sarpsborg.

## **Equipment**

Autopilot

Wind instrument

VHF

Radio/CD

Spinnaker

Gennaker

Genoa in a wheelchair

Mainsail with new lazy bag/lazy jacket

Storm jib

Liferaft for 8 people

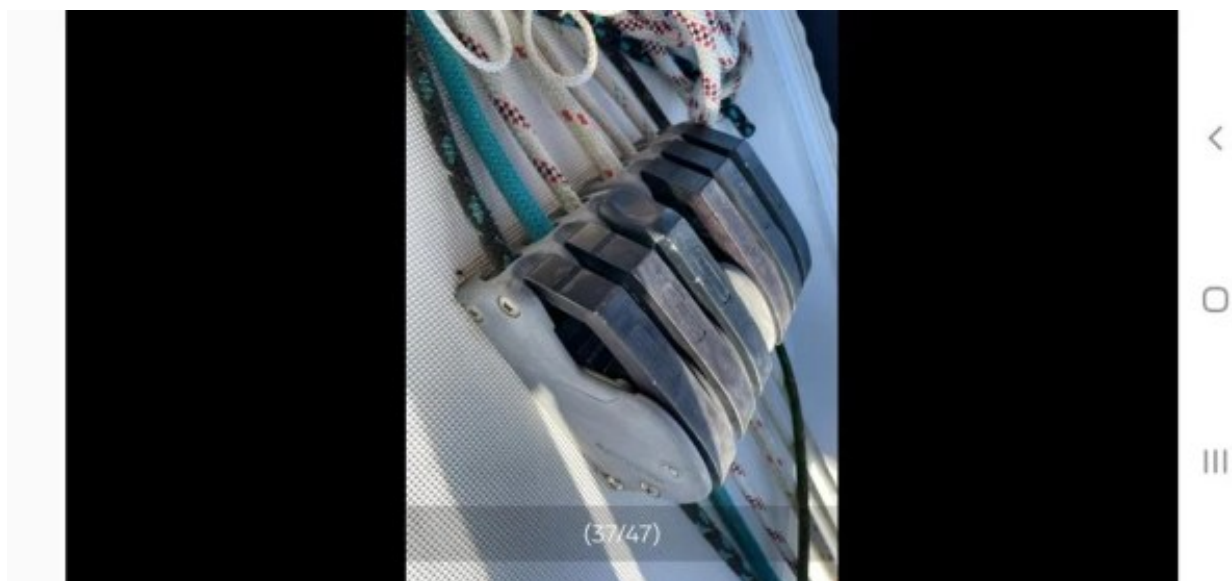

Land power plant

Stove with 2 burners and oven
