

2007 Bavaria 33 Cruiser is a modern sailboat

The Bavaria 33 Cruiser is a modern sailboat from the German Bavaria. The designers J&J have once again succeeded in creating a spacious modern Cruiser in the 33-foot class. A very well-balanced size, including a limited draft, means that the boat works very well in the archipelago. The floor plan makes the boat spacious and comfortable to stay in, with a spacious salon, two good cabins, and a toilet with space and space for wet sea clothes. The kitchenette is well-functioning in the usual Bavarian way.

This 2007 Bavaria 33 Cruiser is being sold by its second owner. Furling mast and furling genoa ensure easy sail handling, the furling genoa is also from 2020. A Volvo Penta D1-30 ensures safety during engine operation.

A great combination of space, function, and sailing. A very successful combination for sailing in our waters

Equipment:

- Volvo Penta D1-20 18 hp

- 1 x 70Ah starter battery
- 2 leaf folding
- The bellows were replaced in 2017

Sails and rigging

- Roller mast Selden
