

2008 Fountaine Pajot Orana 44 in Turkey.

The **Fountaine Pajot Orana 44** (2008) is a well-maintained and versatile 44-foot catamaran, perfect for both leisurely cruising and extended adventures. Featuring **four spacious double cabins, each with its own air-conditioning system and ensuite electrical WC**, this catamaran ensures maximum comfort for all aboard.

Regularly serviced by professionals, it has received necessary upgrades, including osmosis treatment in 2013, new two-blade folding propellers in 2014, and two 340W solar panels installed in 2021, enhancing its energy efficiency and sustainability.

With a spacious deck, sunbeds, and a **well-equipped cockpit** shaded by a bimini, the Orana 44 provides a luxurious experience for sailing enthusiasts.

The electrical and mechanical systems are robust and reliable, with a **Fisher Panda 8kW generator** powering the 4x 8,000 BTU Collmar air conditioners, service and starter batteries, and a Victron Energy battery monitor ensuring efficient energy management.

The twin Volvo Penta D40 40hp engines, with sail drives and folding propellers, deliver a cruising speed of 7-8 knots and a maximum of 9-10 knots. 2 x 50 Harken winches – **one is electrical**.

The galley includes an ENO three-hob burner, stainless steel double sink, refrigerator, and freezer, making meal preparation convenient for extended journeys.

Navigation and safety are well-supported by **Raymarine** systems, life rafts, and an electric windlass with a 27kg anchor. The Orana 44 is an ideal blend of performance, comfort, and practicality, ready for its next voyage.

Maintenance is carried out regularly by a professional company.

Location: Marmaris, Turkey.
