

Bavaria 46 Cruiser for sale in Greece

The **Bavaria Cruiser 46** (2016) is a spacious and exceptionally well-equipped sailing yacht, presented in the desirable **4-cabin, 3-head configuration**. Designed for comfortable cruising, she offers generous accommodation, a practical deck layout and a spacious **teak-finished cockpit with a hydraulic bathing platform**.

Her **Volvo Penta D2-55**, 53 hp engine has approximately **2100 hours** and underwent a comprehensive **overhaul in 2025–2026**. The engine was completely removed from the yacht and professionally inspected and tested on a workshop test bench, with the necessary repairs, adjustments, cleaning and replacement of components carried out.

The **saildrive and gearbox were also diagnosed and serviced**, while a **new propeller** was installed and the original propeller sent for restoration. The **saildrive rubber seal was replaced** with a new one. Following this work, the engine is running exceptionally smoothly and quietly.

The yacht has also received significant attention to her manoeuvring and deck systems. The **bow thruster electric motor was removed and professionally rebuilt**, including rewinding and replacement of necessary components.

The **electric motor and windlass have been serviced**, while the **engine-room ventilation fan motor has been replaced** with a new unit.

On deck, the **hull sides have been professionally polished** and the **teak has been sanded and treated**. A **new gangway** has also been installed.

The sailing and canvas inventory was renewed in recent years, including the **furling mainsail, furling genoa, sprayhood and bimini in 2022**, while the **Garmin navigation equipment includes a cockpit chartplotter, autopilot, wind instruments and a VHF installed in 2023**.

For extended cruising, the Bavaria is equipped with a **Fischer Panda generator**, 2 × 120 W solar panels, **inverter**, heating, hot-water boiler and **three electric sea toilets**.

The yacht also comes with a 2.60 m dinghy and 2.5 hp outboard, life raft, **EPIRB** and comprehensive anchoring equipment including a **20 kg Delta anchor with 80 m of chai**n.

The starter and service batteries are in their second season and currently in satisfactory condition, while the **bow-thruster battery is new**.

With thoughtful upgrades and meticulous care, this Bavaria Cruiser 46 stands out as a turnkey yacht, **ready for new adventures in style and confidence**.

> The boat is available for viewing. Handover will take place at the end of the season, in October.
