

Bavaria Cruiser 41S for sale in Turkiye

The 2017 **Bavaria Cruiser 41S** is a fast, comfortable, and exceptionally well-maintained performance cruiser, combining Bavaria’s renowned sailing characteristics with practical features for extended cruising.

Powered by a **Volvo Penta D2-40F** new-generation diesel engine with approximately **3000 engine hours**, paired with a **Volvo Penta saildrive** and original **3-blade folding propeller**, she has been regularly serviced and professionally maintained throughout her life.

The yacht is equipped with a **carbon fiber gennaker**, two additional downwind sails, six sail winches, a **Garmin below-deck autopilot**, comprehensive Garmin navigation package with **GPSMAP 722 Plus touchscreen** chartplotter, **AIS**, wind, speed and depth instruments, plus **solar panels with MPPT** controller for efficient off-grid power management.

Designed for comfortable family cruising, the yacht offers a spacious **3-cabin, 2-head layout** with a **convertible saloon table** providing additional sleeping space.

She features **hot water supplied by both the engine and shore power**, an original **Webasto** diesel heating system, **inverter**, two refrigerators **(one convertible to a freezer**), oven, Fusion marine entertainment **system with Bluetooth and cockpit speakers**, 12V television, cockpit cushions, **remote-controlled QUICK electric windlass**, and a comprehensive inventory including a **2.5 m tender with Honda 4-stroke outboard**, spare anchor, life jackets, automatic and manual bilge pumps, and multiple deck floodlights.

All systems are fully operational, while the interior woodwork, teak, and furnishings remain in **excellent condition**, reflecting meticulous ownership with no known defects or deferred maintenance.
