

2022 Hanse 388 for sale in Greece

Description

The boat will be available at the last week of October.

The **Hanse 388 (2022)** is a sleek and well-equipped sailing yacht designed for both performance and comfort. With a length of 11.4 meters and a generous beam of 3.9 meters, she offers a spacious and modern layout, featuring **three double cabins and two manual heads**, comfortably accommodating up to seven guests.

The furling mainsail and self-tacking jib make her easy to handle even short-handed, while the dual steering wheels provide excellent helm control.

Powered by a reliable Yanmar 29 hp **engine with saildrive and only 850 hours** (as of November 2024), she delivers smooth cruising under power as well.

The 2022 sprayhood and bimini ensure protection in all conditions, and the **electric windlass and full B&G navigation** suite (including GPS-plotter and autopilot) offer both safety and ease of use on the water.

Designed with both leisure and functionality in mind, the Hanse 388T includes a range of thoughtful amenities for extended stays onboard. The galley features a 2-burner gas stove, a large 130L fridge, a double stainless-steel sink, and even an espresso coffee maker—ideal for comfortable living.

The salon and cockpit are equipped with a Fusion sound system with Bluetooth connectivity, perfect for entertainment at sea. Additional comforts include **USB charging ports in every cabin**, a **spacious cockpit table with teak folding tops and an integrated fridge**, a hot and cold deck shower, and a **large bathing platform** with a ladder for easy water access.

The inflatable dinghy with a 2.3 hp 4-stroke outboard provides flexibility for shore excursions, while safety is prioritized with full gear for 10, **including a life raft and EPIRB**.

This yacht is an excellent choice for sailors seeking a stylish, ready-to-sail cruiser.
