This 1980 **Alberg 29** is a beautifully maintained and extensively upgraded cruiser, blending classic lines with modern performance and comfort.

The boat features a **recently replaced Yanmar 3YM20** engine (approx. **800 hours**) with a **new gearbox, shaft, and mounts**, ensuring dependable operation. Power systems have been modernized with two **200W lithium batteries**, **three high-efficiency solar panels**, a wind generator, and a **Victron 220V converter**, making the vessel ideal for off-grid cruising. A **new hydraulic autopilot** further enhances ease of handling and long-distance sailing.

The interior is freshly painted and deep-cleaned, with all capacitors treated for longevity. Comfort is elevated with custom-built, **never-used sofas in the saloon, cabin, and cockpit**.

The galley features a **new gas stove and refrigerator**, while a **new battery charger** ensures reliable energy management.

The hull has been treated with **new anti-fouling paint**, and the ground tackle includes a **new anchor chain and rope**. The **sails are in excellent condition**, having been carefully maintained.

This Alberg 29 is truly ready to sail—perfect for anyone looking for a classic, capable boat with smart, modern upgrades.

Location: Crete, Greece

Flag: Poland
