

Amel 54 for sale in Greece

The Amel 54 from 2011, offered in pristine condition as a first-hand vessel, is a sailing marvel designed for comfort and performance. Equipped with the coveted Pack Comfort+, this boat stands out with its remarkable features and thoughtful additions.

One of the standout features is the stainless steel gantry adorned with solar panels, exemplifying a commitment to sustainable and efficient energy use. The hydraulic gangway adds a touch of convenience and elegance, making boarding and disembarking a seamless experience.

The 2023 batteries ensure reliable power, while the Dessal 100L/h water maker guarantees a steady supply of freshwater for extended journeys. The WEBASTO pulse air heating system provides warmth on chilly nights, enhancing the overall onboard experience.

Power needs are met by the ONAN 11 Kva generator, ensuring self-sufficiency even in remote locations. Two windlasses and stainless steel chains contribute to the boat's robust and reliable anchoring system.

The Amel 54 is well-equipped with practical features such as two black water tanks, complete electronics, an Echo pilot, and not one but two autopilots, offering redundancy and peace of mind during long voyages.

The inclusion of a Polyant 4D sail set and stainless steel strake underlines the boat's commitment to both performance and durability. The meticulous owner has taken care to include numerous spare parts, further emphasizing the vessel's readiness for any journey.

In addition to its functional features, the boat boasts custom-made cockpit and deck cushions, complete awning sets, mosquito nets, and a diving umbilical cable, showcasing a commitment to both practicality and leisure.

This extraordinary boat has been lovingly maintained by its owner, ensuring that it not only meets but exceeds expectations. With a plethora of features, spare parts, and additional equipment, the Amel 54 is a testament to the owner's dedication to the sailing experience – a vessel that combines elegance, performance, and practicality for the ultimate maritime adventure.

French Flag.

Location: Preveze, Greece

CONSTRUCTION

AMEL 54 N°171 built by AMEL Shipyard in 2011

1st owner

Fiberglass hull & superstructure

4 watertight bulkheads with isolation valves

>> PACK COMFORT+

DIMENSIONS

Overall length:17.20 m

Hull length: 16.40 m

Waterline length: 13.75 m

Beam: 4.80 m

Ballast: 5.1 t

Displacement: 17.50 t

Draft: 2.10m

CAPACITY

Water: 900 L

>> Watermaker 24v/220v – 100 l/h

Fuel: 900 L

2 x Black water tanks: 90L + 90L

RIGGING

- Aluminum ketch rigging
- 24 V electric genoa furler with manual release
- 24 V electric staysail furler
- 24 V electric mainsail furler with manual release
- Mizzen mast and mechanical furling boom
- 6 ST winches on the masts with cleats and jammers.
- 1 pole with two bells and complete rigging + additional halyard

SAILS

- Serviced every year, cleaned, rinsed, and winterized every year
- Genoa – triradial – Polyan 4D + Protective cover
- staysail – triradial cut – Polyan 4D + Protective cover
- GV – triradial cut – Polyan 4D
- Mizzen – h Polyan 4D
- Mizzen jib – nylon

- Asymmetric spinnaker of 160 m2
- 5 ST winches, including 3 electric

FACILITIES

>> REVERSIBLE AIR CONDITIONING throughout the boat / 3 Units >> PULSED AIR HEATING - WEBASTO 5000W >> LED LIGHTING

DOUBLE PORT FORWARD CABIN

- 1 double bed (1.40 M wide) with anti-roll
- Wardrobe
- bookcase
- Large storage spaces
- reading lights
- 220 V reversible air conditioning

STARBOARD FORWARD CABIN

- Bunk beds with anti-roll
- Reading lights

FRONT BATHROOM

- Washbasin with mixer
- Separate shower with mixer
- Storage, mirror, towel racks...
- 24 V electric toilet / fresh water
- Black water tank
- 220v sockets
- Bosh washing machine - 220 V (4.5 Kg)
- 220V tumble dryer
- Opening deck hatch
- Watertight bulkhead at the front
