

Apreamare 11 for sale in Greece

Description

The **Apreamare 11** (1999) is a stylish and spacious motor yacht with **classic Italian design** and craftsmanship. She is built with a durable polyester hull and features an **exclusive 2-cabin layout**, making her ideal for family cruising or entertaining guests.

The boat includes one **electric VacuFlush WC and a shower**, providing comfort for longer trips. Powered by **twin Volvo Penta** diesel engines, she offers reliable performance and smooth navigation.

With generous storage, including dual 500-liter diesel tanks, fresh and grey water tanks, and a full suite of modern navigation instruments, she's ready for confident coastal or island-hopping adventures.

On deck, the Apreamare 11 is **fully equipped for comfort and functionality**. The cockpit features a table, sprayhood/bimini, and a hot water stern shower, ideal for relaxation after a day on the water.

Additional features include an **electric windlass with dual remote controls**, fenders, gangway, rear swim platform, **dinghy with electric outboard**, and mooring lines.

Solar panels with a Victron monitor, a **Kohler 7kW generator**, a **new Victron inverter and charger** (2024), and a full battery system ensure energy independence.

The interior is equally well-appointed with a galley including a **stove, oven, fridge/freezer, sink, and sound system**.

Safety features round out this capable and well-maintained vessel, offering a **superb balance of tradition, comfort, and modern cruising capability**.

The boat is in the water and completely ready for cruising though the teak needs replacement.
