

Atlantic 49 for sale in Greece

The 1993 **Atlantic 49** is a spacious and **comfortable bluewater cruising yacht**, built in Greece by Atlantic and designed for extended liveaboard cruising.

Originally configured with four cabins, the layout was thoughtfully **converted into a highly desirable three-cabin owner's version**, creating a large forward master suite with enhanced comfort and storage.

Finished with warm teak wood veneer throughout and a teak-laid cockpit, the yacht combines classic styling with a welcoming and functional atmosphere.

Powered by a reliable **2019 Yanmar 75 HP turbo** diesel engine, the yacht is equipped for comfortable and confident cruising.

Maneuvering is made easy with a **bow thruster**, while the navigation package includes **Raymarine electronics, autopilot**, GPS/plotter, ST60 echosounder, and Icom VHF with DSC/GMDSS.

The sloop rig features **roller furling systems for both the genoa** and the **in-mast furling mainsail**, allowing for simple short-handed sailing.

The standing rigging is original, and the **sails remain in working condition**.

Additional equipment includes a 3.00 m inflatable dinghy from 2018.

Location: Lavrio, Greece

Flag: Polish
