

Bavaria 32AC beautiful boat is being sold.

After 4 years as a student accommodation and travel companion, this beautiful boat is being sold. I have only used the boat for touring, but it is well suited for regattas as well. This model is 34 feet, a convenient size because it is large enough to have room for the family/group of friends on a trip/regatta while still having room in all guest ports. There are two double cabins and the option of using the sofa benches in the saloon as sleeping places (for those under 175). The ceiling height in the salon is around 185 cm. All joints and falls are led to the cockpit so that it is possible to sail single-handed.

The boat has a brand new mainsail and 130% furling genoa from 2019. In 2021 the boat had a full rig check and rig trim, which has improved both speed, stability, and safety.

- The boat was taken ashore at the end of June for spring cleaning and replacement of the rudder bearings.
- The engine has run 1730 hours.
- The pod is from 2013.

- The boat has no mooring.

The boat is located at Skattøra Marina in Tromsø. I can help with shipping a short distance, but how far depends on the time and your own schedule.

Equipment

- New game mainsail (2021)
- Furling Genoa (2019)
- Lazy Bag (2015)
- Furlex roller forestay
- Sprayhood and Canopy (2014)
