

Bavaria 40 owner's version from first owner

Bavaria 40 Owner's Version from 2001 is a well-maintained cruising yacht in excellent condition. Lovingly cared for by a **single owner**, the vessel features a spacious and practical layout with **two generous cabins and two heads**.

It offers solid performance and comfort for extended voyages. The reliable **Volvo Penta MD22LBT 50 hp** engine has just **1750 hours** of use, ensuring many more seasons of worry-free cruising.

This yacht is fully equipped for both convenience and autonomy at sea. It comes with a mainsail, genoa, and gennaker, plus a **new bimini, sprayhood, and lazybag** for smooth sailing.

Top-tier gear includes **Harken winches, an electric Lofrans windlass with remote**, a 28 kg anchor with **100 m stainless steel chain**, and a full Raytheon navigation suite including **radar and a Garmin GPS**.

Additional features include **three solar panels, a Victron MPPT** charge controller, Webasto heating, four service batteries, and one engine battery.

Onboard comfort is enhanced by a fully equipped galley with **stove, oven, fridge, freezer**, and a cozy saloon with TV and DVD player.

A dinghy and outboard motor complete the package, making this Bavaria 40 a turn-key choice for discerning sailors. Only minor teak refurbishment is needed to bring it to perfection.

Location: Greece, Lefkada

Flag: Netherlands
