

Bavaria 42 for sale in Turkiye

The **Bavaria 42**, built in **2001**, is a well-maintained and comprehensively equipped sailing yacht offering an excellent combination of comfort, performance and easy handling.

With a spacious **3-cabin, 2-bathroom layout**, she is ideally suited to family cruising, extended holidays and longer passages.

Her furling mainsail and furling genoa make sail handling straightforward and safe, while the reliable **55 hp Volvo Penta MD22** engine with approximately **3000 hours** provides dependable auxiliary power.

A Webasto heating system adds significant comfort when sailing or living aboard in cooler climates, making this Bavaria 42 a versatile yacht for cruising in a wide range of conditions.

The yacht is equipped for comfortable and largely self-sufficient cruising, with **240W of solar panels**, a **Victron MPPT** solar controller, battery charger and **1000W inverter**.

Navigation and communication equipment includes GPS, **chartplotter**, **autopilot**,

anemometer, depth and speed instruments, an **NMEA 2000 network** and ICOM radio equipment.

The spacious cockpit features **teak decking, a cockpit table, Bimini and sprayhood**, while the integrated bathing platform, swimming ladder and deck shower make life on board particularly enjoyable at anchor.

With **480 litres of fresh water** capacity, **300 litres of diesel**, a 70 m anchor chain, **bow windlass, life raft, Suzuki 6 hp outboard and Boatworld dinghy**, she is well prepared for comfortable cruising and extended time away from the marina.
