

Beneteau Oceanis 390 for sale in Greece

The **Beneteau Oceanis 390 (1990)** is a solid and well-equipped cruiser featuring **three comfortable double cabins and two heads**, ideal for family sailing or extended cruising.

The boat is powered by a **Volvo Penta D2-40F** engine (**1200 hours**), regularly serviced and in **excellent condition**.

Recent upgrades in 2024 include **new standing rigging**, solar panel, keel bolts, bimini, refrigerator system, and house and starter batteries, reflecting a proactive approach to maintenance and reliability.

A **new** freshwater filter and saltwater foot pump for the galley add to onboard comfort. With 550 litres of freshwater storage and twin black water tanks, the boat is well-prepared for longer passages.

Sailing performance is supported by a main sail in good condition, a large furling genoa with a **new UV strip**, and a cruising chute, plus a spinnaker pole. The running rigging is mostly in good shape, with some lines **recently replaced**.

Navigation and electronics include a **Raymarine** depth sounder, VHF, Autohelm 4000 **autopilot**, and multiple USB charging points.

Safety gear includes a (currently out-of-service) liferaft, safety belts, life jackets, and fire equipment.

Anchoring is robust with a new **20kg Rocna** anchor, 80m of chain, and a **serviced Lofrans** windlass.

Extras like kitchenware, tools, charts, spare parts, an IRB with a 5hp Mercury outboard, and ample bedding make this yacht a well-rounded, ready-to-go cruiser.

The boat is sailing now and available for viewing. The handover will be possible in Salamina, Greece, in mid September.
