

Beneteau Oceanis 500 for sale in Greece

The **Beneteau Oceanis 500 Owners Version** is a well-maintained and extensively equipped 50-foot sailing yacht, built in France in 1991 and privately owned since 2001. Constructed with a durable GRP hull and featuring elegant ash wood (Fraxinus) interiors, she offers a warm and spacious onboard atmosphere.

Her **three-cabin owner's layout**, complemented by an additional **crew cabin with private facilities**, ensures comfortable accommodation for both family cruising and extended voyages.

With a generous beam of 4.75 m, 1000L freshwater capacity, and three en-suite bathrooms plus cockpit showers, the yacht is perfectly suited for life aboard.

Twin steering positions and a thoughtfully designed deck with bimini, sprayhood, and teak cockpit seating enhance both handling and comfort under sail.

Powered by a reliable **85 HP Perkins engine (fully overhauled in 2022)**, and supported by a robust electrical system with solar panels and upgraded batteries, the yacht is well-prepared for autonomous cruising.

Her sail inventory includes a **2023 genoa and a 2024 furling mainsail**, both in heavy Dacron, with **electric winches** for effortless handling.

Navigation and communication systems, featuring **Raymarine instruments**, **Furuno radar**, GPS, and a **new ICOM VHF** (2025), are fully operational and reliable.

Additional highlights include dual **electric refrigerators** (one **replaced in 2025**), a hot water system, a powerful windlass, comprehensive safety equipment, and a full inventory of accessories.

With ample fuel capacity, a tender with outboard, and numerous thoughtful upgrades, this Oceanis 500 represents a solid and capable bluewater cruiser ready for immediate sailing.
