

Catamaran Dean 440 for sale in Portugal

The Dean 440 Espace catamaran, 2003, is a luxurious and spacious sailing vessel that offers an exceptional cruising experience. It is designed and manufactured by Dean Catamarans, a renowned boat builder known for its high-quality craftsmanship and attention to detail. The Dean 440 Espace catamaran combines performance, comfort, and style, making it a popular choice among sailing enthusiasts.

The catamaran has Polish registration and has had only one previous owner.

EU Tax is paid.

One of the defining characteristics of the Dean 440 Espace is its generous living space. With a length of around 44 feet (13.4 meters) and a wide beam, this catamaran provides ample room for relaxation and socializing. The interior layout is intelligently designed to maximize comfort and functionality. It typically features multiple cabins, including a spacious master suite, guest cabins, and crew quarters, allowing for comfortable accommodation for a group of people.

The saloon of the Dean 440 Espace is elegantly appointed, featuring large panoramic windows that offer stunning views of the surrounding seascape. The open-plan design seamlessly integrates the galley, dining area, and lounge, creating a welcoming and convivial atmosphere. The interior decor is often characterized by modern finishes, high-quality materials, and a tasteful color palette, exuding a sense of luxury and refinement.

On deck, the Dean 440 Espace catamaran offers ample space for outdoor activities. The expansive cockpit provides a comfortable seating area, perfect for enjoying meals al fresco or simply lounging in the sun. The catamaran's design also includes a large forward trampoline area, where passengers can relax and take in the breeze while soaking up the sun.

This catamaran does need some cosmetic work and a new Genoa. There is a Genoa on the boat which is being used, but it's not the correct size.

Rigging, mainsail, and engines are 10 years old. The boat has had very little use in the last 10 years.

The toe rail has been removed by the previous owner.

In terms of performance, the Dean 440 Espace catamaran is known for its stability, maneuverability, and speed. Its twin-hull design provides excellent stability, minimizing rocking and ensuring a smooth sailing experience even in choppy waters. The catamaran's sleek lines and lightweight construction contribute to its impressive speed and agility, allowing for exhilarating cruising and efficient sailing.
