

Dehler 36 JV for sale in Greece

The **Dehler 36 JV**, built in 2002, is a versatile and high-performance **private cruising yacht**, known for its sleek design, excellent craftsmanship, and seaworthiness.

With a length overall of 10.95 meters, a beam of 3.59 meters, and a draft of 1.95 meters, this fractional 9/10 sloop delivers exceptional sailing performance, aided by its 6,000 kg displacement and vertical clearance of 18.8 meters.

The interior is finished in elegant cherry wood, offering a warm and inviting ambiance. Accommodations include **two double cabins, a single cabin/storage room**, and the ability to convert saloon seating into additional berths, comfortably sleeping up to eight. Practical features like a **well-equipped galley** with a gas cooker, oven, and **fridge**, combined with a **hot water** system and a **Webasto** central heating unit, ensure comfort for extended cruising.

Equipped with a **Perkins JLM 3.29** diesel engine, delivering 20 kW of power, the Dehler 36 JV boasts reliable propulsion and modern amenities like **solar panels**, **dual batteries**, and a **Mastervolt charger** for energy efficiency.

The yacht’s deck and rigging are optimized for both leisure and competitive sailing,

featuring a **Rutgerson battcar sliding system**, **Harken genoa** reefing, and a selection of sails, including a **140% Elvstrom Genoa** and a **symmetrical spinnaker.** With comprehensive equipment such as bilge pumps, life jackets, a liferaft, and fire extinguishers, safety is paramount.

Additional extras, like a **Nautilus dinghy, Yamaha outboard motor**, and upgraded upholstery, make the Dehler 36 JV an exceptional choice for sailors seeking performance, comfort, and durability in one elegant package.

Notable Maintenance

2022 – Replaced toe rail tape with 3M marine non-skid tape

2020 – Hull sanded/stripped to base and then complete re-application of primer/anti-fouling
