

Dufour 36 Classic- a quality fresh and solid boat.

Here is a boat for those who want a fresh and solid boat with quality. This boat has undergone a total update in the last 2 years. New cushions, new sprayhood, new cockpit tent, new lithium batteries, and solar cells, Epoxy treated (5 layers), new water heater, new stainless septic tank, new mattresses, bed mattresses, mattress protectors, new h/c shower on the bathing jetty, etc.

Dufour is a popular French-quality boat built for long sea sailing. A nice sailboat that can withstand a lot of wind, with substantial stowage space. A fantastic houseboat with large tanks (water 350, septic 120) and a powerful battery pack means you rarely need to visit the guest port. The boat is spacious with a foremast and aft berth, longitudinal kitchen – all with a solid interior in solid wood, as well as beautiful teak on deck and in the cockpit.

We are selling it because we are going to buy a bigger boat. The boat is located in Loftahammar. More pictures can be sent if interested. Welcome to contact us!

- 6 beds with a possibility to sleep in saloon)
- Stored indoors for the last 10 years

- Boat trailer included
- Bottom sanded down to plastic and Epoxy 5 layers (2022)
