

Fiart 43 Seawalker for sale in Greece

The **Fiart 43 Seawalker 2021** is a fully equipped luxury cruiser designed for both performance and comfort. With only a **few hours of operation**, this vessel offers an almost-new experience, making it an excellent choice for discerning buyers. Its sleek exterior and spacious, well-appointed interior ensure a **premium on-water lifestyle**.

The boat is powered by **twin Volvo Penta D 380 engines with 135 hours** of use, delivering efficient performance with low fuel consumption. The **7kW generator** with a separate battery provides reliable onboard power, while the **air conditioning** system with digital controls ensures maximum comfort.

The **Opamare gangway**, stainless steel, and teak access ladder, and **multiple LED lighting** features add to the vessel’s modern aesthetic and functionality.

The interior of the Fiart 43 Seawalker is designed for both relaxation and convenience, featuring a double bed, wardrobe, drawer chest, and ample storage space.

The **Fusion sound system** with speakers and **subwoofer** provides an immersive audio experience, while the chart plotter and digital switching system by **Garmin**

enhance navigation efficiency.

Safety and reliability are prioritized with multiple bilge pumps, an audible alarm for water in the bilge, electrical remote-controlled fuel valve closures, and fire extinguishers.

The 620-liter water tank with a pressure pump and hot water system ensures long-lasting comfort during extended trips.

With its high-end features, carpeted flooring, recessed LED lighting, and thoughtfully designed living spaces, this boat delivers the ultimate yachting experience, perfect for both short getaways and extended adventures.
