

Great and well-maintained boat Jeanneau Sun Odyssey 32i for sale

The stunning Sun Odyssey boat is for sale because of the need for a bigger boat. Two previous owners. The vessel is well kept, and several significant advancements have been made, making the boat comfortable and convenient for sailing.

The stylish interior with white pillows and light wood adds auxiliary luxury. The boat is spacious for long trips with cozy accommodation for the whole family. There are indoor and outdoor showers, hot water, and diesel heater facilities, as well as a large galley with a hob and oven.

This is a pleasure and effortless boat to sail, it can be sailed nicely alone as all halyards and joints go to the cockpit—the most spacious in its class.

The boat is offered with the opportunity of winter storage on land at Sarbuvollen Marina (Høvik). Boat supports and tarpaulin included. Going ashore in week 41.

Probably bottom lubrication and anodes should be needed as it has not been changed since July 2021.
