

Gulet for sale in Bulgaria

This yacht embodies classic design and spaciousness, suitable for business or private use. With a length of almost **23 meters**, she provides enough space for both relaxation and full-fledged work of the crew.

On board, you will find a **spacious deck** where you can enjoy the sun, arrange al fresco dining or just relax surrounded by the sea. Inside, there is a **cozy and stylish** atmosphere, combining comfort with functionality. Guests have **six double cabins**, each equipped with **air conditioning** and a **private shower room**. The crew will also feel comfortable, thanks to a separate cabin.

The galley is equipped with everything necessary for preparing delicious meals, and next to it there is a **bar area** – a perfect place for socializing and pleasant evenings. In the **spacious saloon** you can hide from the sun or spend time playing, reading or chatting.

The yacht's technical equipment is impressive: a **powerful and reliable Cummins engine** allows you to cover sea distances easily, and **solar panels** provide additional autonomy. **Garmin navigation systems** guarantee safety even in difficult conditions, and an **automatic fire extinguishing system** and modern rescue equipment add confidence to every sea trip.

This gulet is also suitable for those who dream of their own charter business. Its spacious cabins, stylish interior and high level of safety make it attractive to clients who want to go on an unforgettable sea journey.

The combination of sophisticated classics, spacious design, and modern technology makes this yacht ideal for both personal and commercial use. Imagine how you meet the sunset on her deck, listening to the splash of the waves and feeling the light sea breeze.

The boat is waiting for its new captain, who will appreciate its uniqueness and make it a part of his life. **Are you ready to take the helm?**
