

Nauticat 33 for sale in Greece

Description

The **Nauticat 33** (1976) is a robust and well-built motor sailer renowned for its seaworthiness and spacious layout, making it a perfect live-aboard option.

Undergoing a **comprehensive refit between 2022 and 2024**, this vessel features newly installed decks, cabin sides, insulated roofs, and reinforced bulkheads for added structural strength.

The galley has been completely upgraded for modern functionality, ensuring onboard comfort during extended cruises. With a long-keel design, a generous **2.00 m headroom**, and an **80-hp Ford Leman** engine consuming **just 4 liters per hour**, this boat offers a blend of performance and efficiency.

It holds **300 liters of fuel and 500 liters of water**, providing ample range for extended voyages.

The interior is thoughtfully designed with **three cabins**, accommodating up to four berths, including a double berth and two singles. The forward V-berth is currently used as storage and a head with a separating composting toilet.

Electrical power is supplied by a 12-volt system with three engine-charged batteries, solar (400W on the cabin roof), and shore power, ensuring reliable energy management.

Navigation equipment includes **radar, autopilot, VHF DSC radio, and a bow thruster** for ease of maneuvering.

Additional features such as **cabin heating**, a **hot and pressurized water system**, a stove with an oven, and a refrigerator contribute to a comfortable onboard living experience.
