

Ohlson 8.8 for sale in Greece

The **Ohlson 8.8** is a classic and well-maintained sailing yacht, **ready to set sail without the need for any additional work.**

Powered by a **Yanmar 3GM 29HP engine (2283 hours)** it ensures reliable performance for cruising.

The boat is equipped with a **Raymarine ST2000 autopilot, Raymarine ST60 Tridata (depth-speed meter), and Raymarine ST60 wind instrument**, providing excellent navigation and control.

Handling is made even easier with an **electric anchor winch with remote control**, while the asymmetrical spinnaker enhances sailing efficiency in various wind conditions.

Comfort and convenience are prioritized on board, featuring a **new bimini and lazy bag** for sun protection and sail management.

The boat is well-equipped for extended stays with a **220V refrigerator, inverter (1000W), and 180Ah service battery.**

Onboard amenities include an **electric toilet, both indoor and outdoor showers**, and a **gas grill** for enjoyable meals on the water.

A **12V TV** adds entertainment, while the safety equipment ensures a secure journey.

This Ohlson 8.8 (1974) is a fantastic opportunity for anyone seeking a well-equipped, ready-to-use sailing yacht.

Location: Lefkada, Greece
