

Princess 385 Flybridge for sale

The **Princess 385 Flybridge** (1989) is one of the most successful and well-regarded models ever built by Princess Yachts, renowned for its solid construction, comfortable layout, and confident, seaworthy performance.

Powered by **twin Volvo Penta TAMD 61A** engines (2 × 306 HP) with **only 100 hours** since a complete overhaul in 2024 (including turbochargers, injectors, coolers, rings, pistons, and more), the boat offers reliable and economical cruising, with a top speed of approximately 24 knots. This proven hull delivers a smooth and stable ride, making it **ideal for both coastal cruising and longer passages**.

This particular vessel has benefited from numerous recent upgrades, including **new fuel tanks** (2024), **new flybridge and aft cockpit canopies** (2024), a Max Power **bow thruster** (2023), an Opacmare **hydraulic gangway**, and five **new batteries** installed in 2025.

The boat is well equipped with **two cabins, two toilets**, and accommodation for four guests.

Additional features include **air conditioning**, GPS/plotter, radar, VHF, electric windlass and anchor, hot water system, refrigerator, oven, audio system, and a fully

equipped galley, making the Princess 385 Flybridge a well-maintained, practical, and attractive option in its class.
