- Tecnocantieri Arrogance 40’
- Year of manufacture: 1984
- Location: Tivat, Montenegro
- Material: Fiberglass
- Length: 11.99m
- Draft: 2.3 m
- Ballast weight 8000
- Displacement 10000.
- Flag: Montenegro
- Water tanks: 2 tanks of 200 liters, total: 400 liters, container material: Fiberglass.
- Fuel tank: 200 liters Material: stainless steel (2020)

The Arrogance 40 is an Italian-built light displacement cruiser racer with a flat deck and sleek lines. It retains the reliability of the “old school”, has a through mast with

a thickness of 8mm, powerful shrouds, backstays, and a very strong hull without a hint of osmosis.

3 cabins with spacious double beds and a folding table in the saloon. The boat has a lot of space for storage and installation of additional equipment. The large V-shaped bed in the bow cabin offers comfortable mattresses. The electric latrine is equipped with a 60-liter black water collection tank with electric discharge, as well as an automatic gray water drain from the shower tray and a water heater powered by the engine and the on-board network. All LED lights are 12V. 220 sockets in each cabin. Has a bedding set sewn to order. Raymarine instruments, state-of-the-art autopilot, Blue Sea Systems 422 on-board control systems, and a powerful battery charger.

The boat is maintained in excellent condition and corresponds to the description. She is very well-equipped. Includes many parts and equipment for cruising. Photos correspond to the condition, and the boat is ready to go to sea at any time.
