

ST Boats 34 Fly for sale

The **ST Boats 34 Fly** (2008) is a well-equipped and **comfortable flybridge cruiser** offering an excellent balance of performance, space, and onboard amenities.

It features **two cabins** with accommodation for up to six berths, a practical interior layout with a light wood finish, and a welcoming saloon equipped with a dining table with bottle storage, two televisions, and a fully functional galley.

The kitchen includes a 2-burner gas hob, refrigerator, microwave, stainless steel sink with hot and cold pressurized water, and ample storage, making extended stays onboard convenient and enjoyable. The bathroom is fitted with a marine toilet with macerator and holding tank, ensuring full cruising autonomy.

Powered by **two Volvo Penta D4** diesel engines (260 hp each) with **only 465 hours** and in perfect condition, the boat delivers reliable and efficient performance.

The navigation and electronics package is extensive, including dual GPS systems, triple fishfinder setup, GARMIN radar, dual Raymarine autopilots, VHF radios (fixed and handheld), magnetic compass, and full 12V/220V electrical systems supported

by inverter, shore power, and battery charger.

Additional highlights include **bow thruster**, electric windlass, water heater, teak deck, underwater lights, sunbathing cushions, bimini top, camper awning, and a swim platform with retractable ladder.

With new antifouling in 2025 and a well-maintained condition throughout, this vessel is **ready for immediate cruising** and comfortable long-range use.
