

The Comfort 30 sailboat for sale in Tivat, Montenegro

- **Engine:** It is equipped with a Yanmar YSB8 engine. Yanmar is renowned for producing reliable and efficient marine engines, ensuring a smooth and consistent power source for the sailboat.
- **Sail Rigging:** The sail rigging includes a roll genoa, which allows for easy and efficient sail handling. This feature enhances maneuverability and makes sailing more enjoyable.
- **Autopilot:** The sailboat has a new autopilot system, which adds convenience and safety by automatically steering the boat, relieving the skipper of the constant need for manual steering.
- **Toilet:** A new toilet has been installed, offering improved sanitation facilities on board, enhancing comfort during long journeys.
- **GPS:** The Comfort 30 sailboat is equipped with a GPS system, providing accurate navigation and positioning information. This helps the skipper plan routes and ensures safe passage on the water.

- **Echo Sounder:** An echo sounder is included, enabling the measurement of water depth and assisting with navigation in shallow waters, avoiding potential hazards.
- **Sails:** The sail inventory consists of a mainsail, as well as three spare sails and a spinnaker. This range of sails allows for versatile sailing options in different wind conditions and cruising preferences.
- **Battery Isolator:** The sailboat features a battery isolator system, separating the service and engine batteries. This helps prevent accidental discharge and ensures a reliable power supply for essential systems.
- **Gas Installation:** The Comfort 30 sailboat is equipped with a gas installation, allowing for cooking and heating on board. This adds convenience and versatility to onboard living arrangements.
- **Spray Hood:** A spray hood is included, providing protection from wind and spray while sailing. It enhances comfort and keeps the cockpit area more sheltered during adverse weather conditions.
