

Tullio Abbate Superiority 52 for sale

2014 **Superiority 52** is an exceptional **Italian high-performance motor yacht** that combines striking design, impressive speed, and the craftsmanship associated with the renowned **Tullio Abbate** shipyard.

Measuring 15.68 metres in length, this sleek **fiberglass sports yacht** features a distinctive **low-profile silhouette**, a streamlined hull, and a narrow 3.05-metre beam designed for dynamic handling and exhilarating performance.

Built for owners who appreciate **speed, exclusivity, and Italian styling**, the Superiority 52 offers an exciting combination of luxury and sporting character, making it particularly attractive for fast Mediterranean cruising.

Powered b**y twin SEATEK 6 4V 10D turbocharged diesel** engines, **each delivering** 551 kW (approximately **750 HP**), the yacht offers a combined output of approximately **1500 HP**. Its reported **cruising speed ranges from 32 to 38 knots**, with a potential top speed of **45–55+ knots**, depending on loading, conditions, and engine configuration.

An economical cruising range of 22–28 knots provides flexibility for longer passages, while the yacht’s CE Design Category B classification and **capacity for**

up to 10 persons make it suitable for offshore recreational cruising within its certified operating limits.

With its powerful propulsion system, lightweight performance-oriented construction, and unmistakable Italian heritage, the Superiority 52 is an appealing choice for enthusiasts seeking a distinctive and thrilling motor yacht.
