

VIKO yacht S 35 for sale

Are you in the market for a sailboat? Have you browsed through numerous options? Consider investing in a brand-new boat for the same budget. Established manufacturers often command high prices for their vessels, but emerging boatyards offer competitive alternatives. Explore the value you can attain with your budget by considering these up-and-coming options. New VIKO yacht S 35 for sale

Viko yacht S35 for sale

The VIKO S35 epitomizes a perfect fusion of performance, comfort, and versatility, making it an ideal choice for sailors seeking a thrilling yet comfortable sailing experience. Boasting a length overall of 12 meters with the bowsprit and a maximum beam of 3.74 meters, this sailboat offers ample space both above and below deck for six occupants.

Constructed with meticulous craftsmanship, the VIKO S35 features a sleek white hull with a striking grey waterline, lending it an aura of sophistication on the water. The hull, laminated to bulkheads and deck, ensures robustness and durability, while the L-shaped cast iron keel with a bulb enhances stability and performance, even in challenging conditions.

The deck of the VIKO S35 is designed for both functionality and safety, featuring a self-draining cockpit, stainless steel pulpits and stern pulpits, double safety rails, and ample storage in two cockpit lockers. The layout includes four mooring cleats, an anchor locker with a stainless steel roller, and strategically placed windows along the coachroof for enhanced visibility and ventilation.

Sail handling is made effortless with a semi-full batten mainsail and a genoa, both crafted from high-quality dacron for optimal performance and durability. The mast and rigging, comprising an anodized aluminum mast and boom, stainless steel standing rigging, and polyester running rigging, ensure reliable and efficient sail control in various conditions.

Below deck, the interior of the VIKO S35 exudes warmth and comfort, with high-quality OKUME marine plywood woodwork complemented by solid wood trim. The saloon offers ample seating with storage underneath, a spacious galley equipped with essential amenities, including a two-burner gas stove and fridge, and comfortable sleeping quarters in the forward and aft cabins.

The head compartment, located aft, features a marine toilet, sink, and dedicated area for an optional shower, providing convenience and comfort during extended voyages. LED lighting throughout the saloon and cabins enhances visibility while conserving energy, while the electrical and plumbing systems ensure seamless operation and functionality.

Powered by a reliable 15 HP Nanni/Vetus engine with sail drive and a two-blade fixed propeller, the VIKO S35 offers dependable propulsion and maneuverability both under sail and engine power, making it an ideal choice for coastal cruising and offshore adventures alike. With its impeccable design, thoughtful features, and exceptional performance, the VIKO S35 sets a new standard for sailing excellence.

Each boat is made on order. The manufacture term depends on the season, usually it takes 3-4 months. A lot of various features can be added.
