

X-Yachts X-452 for sale in Panama

The **X-Yachts X-452** from 1989 is a high-performance sailing vessel designed for both racing and cruising. Known for its exceptional build quality and seafaring capabilities, this boat has undergone significant upgrades in recent years to enhance its functionality and modernize its equipment.

In 2019, the **teak deck was removed and replaced** with a **sleek gel coat finish**, a **new engine shaft** was installed, and the **hull received an anti-osmosis treatment**, ensuring longevity and resistance to moisture.

The boat was also outfitted with a **new One Sail main sail** from Italy, enhancing its sailing performance.

Subsequent upgrades have continued to bolster the vessel's capability. In 2022, it was equipped with powerful **new Trojan 700 amp batteries** and a **new EPIRB** for emergency signaling.

By 2023, a **new Bimini, spray hood, stern platform, 900-watt solar panels**, and a **Maxwell 1,000-watt windlass with a Mantus 25 kg anchor** were installed, improving comfort and ease of handling.

Further enhancements in **2024 include fresh anti-fouling paint, a new freezer and refrigerator**, and updated sheets.

The boat is fully equipped with safety gear, including eight life jackets, eight harnesses, a life raft for six people, **Starlink internet**, and a stereo system, making it a robust and well-equipped vessel for long-distance cruising or competitive sailing.
