

## 2013 Bavaria 33 for sale in Greece

### Description

The **Bavaria 33 Cruiser (2013)** is a well-maintained sailing yacht ideal for couples or families of up to four people. The yacht was meticulously **prepared for extended autonomous cruising** by a specialist in sailboat construction and refitting.

The current owner has owned the boat for four years, and the previous owner used it primarily as a weekend retreat, resulting in **minimal engine hours and excellent overall condition**.

Every detail was carefully considered, and all components are in outstanding working order. With extended autonomy and a configuration that rivals much larger vessels, it is **fully equipped for months-long voyages**.

In 2022, a significant refit was carried out, including complete hull treatment (epoxy primer and antifouling), polishing of the topsides, and installation of new cockpit canvas (bimini, sprayhood, lazy bag).

Navigation electronics were **fully upgraded with Raymarine** systems (Axiom+ 7 chartplotter, EV-300 autopilot, AIS, VHF, wind, depth, and speed sensors, and NMEA2000 network).

Energy systems were modernized with **lithium and gel batteries**, solar panels (300W), Victron SmartSolar controllers, inverter, and a 30L water heater.

Additional upgrades include a **watermaker (60 L/h)**, Webasto heater, and **new sails** including a furling Code Zero and spinnaker.

Ground tackle was improved with **100 meters of chain** and dual anchors, and a serviced life raft is included.

Also added: a **2.4m RIB dinghy with Yamaha 4HP outboard**.

Engine maintenance includes replacement of key components, with only **1300 hours of use**.

All work was completed by certified professionals, with receipts available on board. Flexible payment options are available.

**Location: Patras, Greece**

Flag: Polish

**EU VAT paid**

LOA: 9.99 m

Beam: 3.42 m

Draft: 1.95 m

- Engine: Volvo Penta 20 hp (1300 hours)
- Cabins: 2
- Berths: 4+2
- Heads: 1

**Upgrades and Equipment (Major Work Completed in 2022)**
