

Beneteau Swift Trawler 34 for sale in Turkey

Description

The Beneteau Swift Trawler 34 for sale is a sleek and versatile vessel designed for comfortable cruising and extended journeys on the water. Equipped with top-of-the-line features and amenities, this trawler offers both luxury and practicality for those who appreciate quality craftsmanship and performance.

One notable feature of this particular model is the upgraded Raymarine New Axiom screens, providing advanced navigation and control capabilities. Coupled with Raymarine radar, autopilot, radio, and AIS, navigating through various waters is made safer and more efficient.

Powered by a reliable Cummins engine (1100 hours), meticulously maintained by the previous owner who was a dealer, this trawler ensures smooth and dependable performance on every voyage. The Kochler 9 kW generator with 930 hours ensures ample power supply for all onboard systems and amenities.

For added convenience, the battery setup has been optimized, with bow and stern thruster batteries in optimal condition, along with a service battery (Odyssey 170 * 2) and a starting battery. The Masterwolt 3000 full sine 120 am multi-charger Victron AC DC devices ensure efficient charging of all batteries.

Comfort is paramount aboard the Beneteau Swift Trawler 34, with amenities such as an extra 110-liter marine refrigerator, two Android TVs, and a security camera system providing entertainment and peace of mind while at sea. The addition of an extra water tank (200 liters) extends cruising range, while the 370-liter fuel tank ensures long-distance capabilities.

This trawler is equipped with a range of practical accessories, including a Ultra Marine Anchor, a boiler, and Webasto heating system for comfort in various weather conditions. The teak boat carrying device on the rear platform and folding gangway facilitate easy access and handling.

For exploring remote locations, the vessel features a 370W solar panel setup, providing sustainable energy generation for extended stays off the grid. Additionally, an Eastmarin zero axle dinghy with a 6hp Yamaha outboard motor offers a means of transportation for shore excursions and exploration.

Overall, the Beneteau Swift Trawler 34 combines luxury, performance, and practicality, making it an ideal choice for adventurous sailors and cruising enthusiasts alike.

The boat came out of the factory and had an American flag. At the end, the taxes were paid in Turkey and it was converted to a Turkish flag. It currently has a Turkish flag.
