

1983 Comfortina/ Comfort 32 with new engine

Description

The boat is built with the newer Comfortina's hull and furnished as Comfort. That is it has an aft cabin with two berths instead of berths from the main cabin. The boat has a practical targa bar over the cockpit and plexiglass.

Generally, something is newer than something else. E.g. the battery, the diesel heater and one part of the canopy are relatively new, while the sails are old but still work for our use. (Spinnaker unused). New engine, newly overhauled drive and new bellows.
