

Hanse 350 for sale

Description

The 2008 Hanse Superb 350 for sale is a meticulously maintained and well-equipped sailing yacht, boasting a 3-cabin, 1 full head layout. Constructed by the renowned German shipyard Hanse, this modern-designed vessel is ideal for those looking to embark on a cruising adventure. The boat's exceptional condition is evident in the proactive maintenance, with standing rigging and a new front sail replaced in 2018, followed by numerous upgrades in 2023, and an extensive overhaul in 2024.

The Hanse 350 features a powerful Yanmar 30hp motor, impeccably maintained and renowned for its reliability. The boat's sail handling is made effortless with the inclusion of extra main and jib sails, a spare windlass, and a self-tacking jib system—a design pioneered by Hanse. The large and small sun/rain covers, along with a protective dodger, provide comfort and safety, ensuring an enjoyable sailing experience in various weather conditions.

The interior is equally impressive, with a well-laid-out galley and living area. The fully equipped kitchen, upgraded in 2023, boasts modern amenities, including pots, pans, cutlery, and crockery. The boat offers a comfortable living space with a big-screen TV, surround sound, and excellent ventilation throughout. The solar and battery upgrades, including a 520w solar system and advanced battery management, contribute to sustainable and efficient energy use on board.

The vessel's infrastructure is designed for convenience, featuring USB charging ports in all cabins, a 110/220v inverter, and a Bank Manager version 2 for optimal battery control. The boat is equipped with a brand-new mattress cooler, ample storage space in lazarettes, cupboards, and bilges, and a variety of essential accessories, including snorkeling equipment, fishing gear, and tools.

Safety is a top priority, evident in the upgraded Delta 16kg anchor with a 45m uninterrupted chain, the Wichard Gybe easy for gybe prevention, and AIS receiving and collision avoidance capabilities. The inclusion of a nearly new 2.4m inflatable dinghy with a 6hp 4-stroke Suzuki engine further enhances the versatility of this sailing vessel.

Navigation is made seamless with a new Simrad chartplotter in the cockpit, complemented by a high-quality phone holder for additional navigation aids. The original Raymarine autopilot and top-of-the-

range M94 Icom radio with AIS receiving and collision avoidance capabilities ensure a secure and informed sailing experience.

In general, Hanse 35 Superb is a turnkey sailing vessel, having undergone a comprehensive survey less than a year ago, attesting to its excellent condition. This one-owner boat, treated with love and care, is ready for new adventures without any additional work required.
