

79 feet Gulet ketch in Croatia

Description

79 feet Gulet ketch in Croatia is a beautifully crafted 23.9-meter ketch, originally built in 2007 and extensively refitted in 2023. This elegant vessel is constructed from mahogany and blends classic wooden craftsmanship with modern amenities. **The yacht is perfect for charter business and daily cruises.**

The interior features well-appointed accommodations, including one **master cabin, three double cabins, and one twin cabin, all equipped with electric toilets.**

Designed for comfortable journeys, the yacht has a freshwater capacity of 6000 liters, a diesel tank of 2000 liters, and a waste water tank of 3000 liters. A dedicated crew area with two cabins and a separate WC ensures smooth and professional service for guests on board.

Equipped with a powerful 360 HP Iveco engine and a 3.5/1 Sanzuman gearbox, the boat delivers reliable performance.

The vessel boasts a robust electrical system, including **three generators**, multiple battery chargers, and an inverter, providing a stable 220V/24V power supply.

It features modern conveniences such as **air conditioning**, a **water maker** producing 350 liters per hour, and essential **navigational equipment** like GPS and VHF.

The deck is fitted with two steel masts, inox rigging cables, hydraulic steering, and a hydraulic windlass for effortless maneuverability.

Guests can enjoy a well-equipped galley at the stern, a spacious dining area, and entertainment options like **TV, a deep freezer, an icemaker, and watersports equipment**, including a windsurf board and a canoe. For added safety, the yacht carries 15 life vests, a 15-person life raft, and multiple fire extinguishers, ensuring a secure and luxurious sailing experience.
