

North Wind 435 for sale in Greece

Description

North Wind 435, built in 1988, is a solid and **elegant bluewater cruiser** designed for comfort, performance, and reliability offshore. Built in GRP with a fin keel and skeg-hung rudder, she offers the renowned seaworthiness and craftsmanship North Wind yachts are celebrated for.

The **Volvo Penta TMD31A 100HP** engine, with **3,500 hours**, provides reliable propulsion, supported by **dual 150L stainless steel fuel tanks** and a **bow thruster** for easy maneuvering.

Her recent upgrades include **new 2023 Dacron sails**, a **Rocna 25kg anchor with 80m chain**, and solar energy systems by Victron for efficient off-grid cruising, making her well-prepared for extended voyages.

Below deck, North Wind 435 offers a bright and welcoming interior in a sought-after **two-cabin layout with a spacious master aft cabin**.

She features **two bathrooms with showers**, ample fresh water capacity (2x300L tanks), and comfort amenities such as air conditioning in the master cabin, a washing machine, and a fully equipped galley with electric cooking plate, fridge, freezer, and stainless steel sinks. The saloon tables convert into additional berths, allowing flexible accommodation for family and guests.

On deck, she boasts a **central cockpit with a bimini and sprayhood in excellent condition**, a **teak deck renewed in 2021**, **hydraulic furling systems**, **electric and manual winches**, and **modern navigation electronics including Simrad autopilot, radar, sonar, and a Starlink** mount for connectivity.

Currently on the hard in Preveza, the boat is undergoing routine post-season maintenance and is ready to sail or remain under hardstand contract till April.
