

2013 Hanse 575 for sale in Turkiye

Description

The **Hanse 575**, built in 2013, is an elegant and powerful performance cruiser designed for long-distance sailing in style and comfort. This yacht offers exceptional stability and performance under sail.

Powered by a 107 HP **Volvo D3-110** engine and featuring a 520-liter fuel tank, it combines strong motoring capability with impressive sailing efficiency.

The rig includes Elvstrom full batten mainsail and a self-tacking jib, managed through a robust winch setup including **2 electric Lewmar 65** halyard winches and 2 manual Lewmar 55 secondary winches.

Teak decking on the side decks and coachroof enhances both aesthetics and grip, while the **hydraulic bathing platform** and **electric cockpit tables** add comfort and luxury.

The interior and onboard systems of this Hanse 575 are designed for extended cruising and effortless living. It features a 32,000 BTU **air conditioning system** with four separate units, a **Fischer Panda 6kW generator**, a powerful inverter, and upgraded **AGM battery** banks for reliable off-grid autonomy.

The saloon's electrically retractable **table can convert into a king-size bed**, offering additional sleeping arrangements when needed.

Navigation and control are state-of-the-art, with an extensive Raymarine suite including **dual E7 displays, autopilot, and wind and depth instruments**.

Added conveniences like a **bow thruster**, retractable footrests, dinghy, sprayhood, bimini, and high-quality sound system make this vessel equally suitable for luxurious private cruising or high-end chartering.
